Essential IX. Master's-Level Nursing Practice	N	Performance	
Q083. Master's-Level Nursing Practice - To what degree did the MSN program enhance your ability to use: Knowledge of illness and disease management to provide evidence-based care	104		6.06
Q106. Advanced physical and health assessment - To what degree did your didactic and clinical courses prepare you in the following content areas? Producing a problem-focused health history	95		6.01
Q084. Master's-Level Nursing Practice - To what degree did the MSN program enhance your ability to use: Advanced knowledge of environmental and population characteristics to improve health care	103		5.91
Q107. Advanced physical and health assessment - To what degree did your didactic and clinical courses prepare you in the following content areas? Performing physical exam	94		5.89
Q109. Advanced physical and health assessment - To what degree did your didactic and clinical courses prepare you in the following content areas? Prioritize health problems	95		5.89
Q086. Master's-Level Nursing Practice - To what degree did the MSN program enhance your ability to integrate: Evidence from nursing and other sciences as the foundation for practice	100		5.88
Q085. Master's-Level Nursing Practice - To what degree did the MSN program enhance your ability to use: Theories and evidence-based knowledge in leading the healthcare team to deliver appropriate health care	104		5.87
Q115. Acute and chronic conditions - To what degree did your didactic and clinical courses prepare you in the following content areas? Management	95		5.87
Q110. Advanced physical and health assessment - To what degree did your didactic and clinical courses prepare you in the following content areas? Initiate appropriate care based on differential diagnosis/health problems	93		5.86
Q113. Acute and chronic conditions - To what degree did your didactic and clinical courses prepare you in the following content areas? Diagnosis			5.84
Q114. Acute and chronic conditions - To what degree did your didactic and clinical courses prepare you in the following content areas? Treatment	95		5.83
Q138. Clinical epidemiological principles: - To what degree did your didactic and clinical courses prepare you in the following content areas? Understanding the effectiveness of prevention and intervention	92		5.82
Q108. Advanced physical and health assessment - To what degree did your didactic and clinical courses prepare you in the following content areas? Determine differential diagnosis/health problems	94		5.80
Q120. Patient care: - To what degree did your didactic and clinical courses prepare you in the following content areas? Anticipatory guidance based on age, developmental stage, family history and ethnicity	94		5.80

Q139. Clinical epidemiological principles: - To what degree did your didactic and clinical courses prepare you in the following content areas? Understanding effective prevention and intervention	91		5.79
Q112. Differentiation between normal and variations of normal and abnormal findings - To what degree did your didactic and clinical courses prepare you in the following content areas? Advanced	95		5.74
pathophysiology	95		3.74
Q111. Differentiation between normal and variations of normal and abnormal findings - To what degree			
did your didactic and clinical courses prepare you in the following content areas? Advanced physiology	92		5,70
Q137. Clinical epidemiological principles: - To what degree did your didactic and clinical courses prepare			T -
	93		5.69
you in the following content areas? Recognizing populations at risk			
Q121. Patient care: - To what degree did your didactic and clinical courses prepare you in the following	93		5.68
content areas? Ability to identify signs and symptoms of common emotional illnesses			T
Q118. Prescription drugs: - To what degree did your didactic and clinical courses prepare you in the	95		5.66
following content areas? Understanding of drug side effects			T
Q123. Environmental health: - To what degree did your didactic and clinical courses prepare you in the	94		5.66
following content areas? Recognize problems affecting patients			T
Q124. Environmental health: - To what degree did your didactic and clinical courses prepare you in the following content areas? Provide interventions	93		5.66
•			
Q142. Practice: - To what degree did your didactic and clinical courses prepare you in the following content areas? Evidence-based practice (application of research and scientific evidence into clinical	96		5.65
practice)	90		3.65
Q116. Prescription drugs: - To what degree did your didactic and clinical courses prepare you in the			
following content areas? Knowledge of pharmacokinetic process	96		5.61
Q117. Prescription drugs: - To what degree did your didactic and clinical courses prepare you in the			
following content areas? Understanding of drug regimens	96		5.60
Q122. Patient care: - To what degree did your didactic and clinical courses prepare you in the following			
content areas? Recognize the importance of the provision of comfort care to the dying as an integral	89	8	5.58
component of care	0)		1
Q140. Practice: - To what degree did your didactic and clinical courses prepare you in the following			
content areas? Ability to articulate advanced practice role issues	94		5.54
Q119. Prescription drugs: - To what degree did your didactic and clinical courses prepare you in the			
following content areas? Understanding of drug interactions	96		5.52
Q128. Course work - To what degree did your didactic and clinical courses prepare you in the following			
content areas? Interdisciplinary team concepts	90		5.40
		T T	

Q131. Clinical laboratory procedures - To what degree did your didactic and clinical courses prepare you 92 in the following content areas? Ordering procedures

in the following content areas? Interpreting common screening and diagnostic tests Q129. Course work - To what degree did your didactic and clinical courses prepare you in the following content areas? Understanding complementary and alternative modalities (the role in the patient management plan)

Q133. Clinical laboratory procedures - To what degree did your didactic and clinical courses prepare you

Q130. Course work - To what degree did your didactic and clinical courses prepare you in the following content areas? Understanding the International Classification of Diseases Procedural and Diagnostic Coding and current procedural terminology

Q127. Course work - To what degree did your didactic and clinical courses prepare you in the following content areas? Principles of immunology

Q132. Clinical laboratory procedures - To what degree did your didactic and clinical courses prepare you 91 in the following content areas? Performing procedures

Q141. Practice: - To what degree did your didactic and clinical courses prepare you in the following content areas? Business aspects of practice

Q125. Course work - To what degree did your didactic and clinical courses prepare you in the following content areas? Principles of genetics

Q126. Course work - To what degree did your didactic and clinical courses prepare you in the following content areas? Role of genetics in clinical care

Q134. Clinical laboratory procedures - To what degree did your didactic and clinical courses prepare you 92 in the following content areas? EKG interpretation

Q136. Clinical laboratory procedures - To what degree did your didactic and clinical courses prepare you in the following content areas? X-ray interpretation

Q135. Clinical laboratory procedures - To what degree did your didactic and clinical courses prepare you in the following content areas? Suturing
